## ICAM 2026 Student Research Showcase

All full-time/part-time graduate and undergraduate students are cordially invited by the ASTM Additive Manufacturing Center of Excellence (AM CoE) to participate in the **Student Research Showcase** that will be held in conjunction with the ASTM International Conference on Advanced Manufacturing (ICAM 2026) on **September 28 - October 2, 2026** at the Hyatt Regency Orlando.

### SUBMIT YOUR ABSTRACT BY MARCH 6

Students are invited to showcase their innovative research at ICAM 2026! Share your research insights by submitting your abstract to any of the 3 submission categories below.

**\*IMPORTANT\*** Students can only submit two different abstracts in total. Each abstract must be submitted to a different student category (e.g., each student cannot have 2 abstracts submitted to the Poster Competition).

EXCELLENCE

**Elevate your research and compete among the best!**

Join us at ICAM 2026 and be part of the future of advanced manufacturing.

# ICAM26

## Student Research Showcase Categories

### 1. Student – Oral Presentation Competition

- Consists of 2 evaluation rounds.
  - i. Round 1 – Preliminary Evaluations (Virtual)
  - ii. Round 2 – Final Evaluations (In-Person)
- Accepted abstracts will proceed to the Preliminary Evaluations (Round 1).
- Submit a 5-minute recording of your presentation (video pitch) for evaluation.
- Shortlisted abstracts (Top 20) will be selected to present in-person in front of a panel of judges at the prestigious Oral Presentation Competition (Round 2).
- Abstracts not shortlisted will be re-allocated under the Student Oral Presentation Sessions, where students can still give a non-evaluated oral presentation in-person during ICAM.

### 2. Student – Poster Competition

- In-person poster presentations during the ICAM week, raising visibility for students' work and offering students an opportunity to personally engage with attendees from various industries/organizations.
- Students are required to be available at a designated time to present their posters to the judges and the crowd in attendance during the networking Happy Hour.
- Resources (instructions, guidelines, templates, etc.) will be provided at a later date.

### 3. Student – Oral Presentation Sessions (Non-Competing)

- In-person oral presentations during ICAM week will not be evaluated for competition.
- Abstracts submitted to the Oral Presentation Competition that have not been shortlisted after Round 1 will also be re-allocated here.

## KEY DATES

Abstract Submission Deadline:

**Friday, March 6**

Notification to Accepted Students:

**Friday, May 8**

Presentations due for Oral Presentation Competition Round 1:

**Monday, June 15**

Oral Presentation Competition

Round 1 Results:

**Monday, August 3**

Student-Oral Presentation Competition Round 2:

**Monday, September 28**

Student-Poster Competition:

**Monday, September 28**

Student-Oral Presentation Sessions:

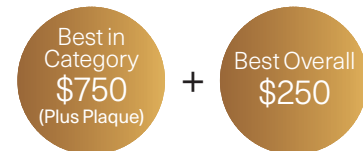

**Tuesday-Friday,  
September 29 – October 2**

Note: The number of students selected for this competition will be based on the quality of the submitted abstracts and the availability of space within the program and conference venue. Students may only submit their abstracts to the Student Research Showcase symposium for consideration.

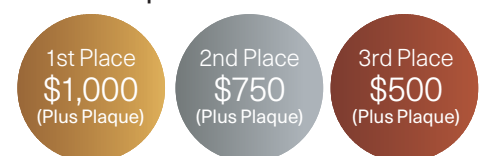

## AWARDS

### Oral Presentation

The Top 20 finalists will be grouped and evaluated within one of three categories: AM Process, AM Material, or AM Mechanical Behavior. A prize of \$750 will be awarded to the top presentation in each of the three categories. In addition, the best overall presentation among the category winners will receive an additional \$250.
